

## Plastic Placemats – Famous Landmarks

**Aesthetic and cultural product that invites diners to enjoy beautiful oil paintings of famous landmarks in Europe and at the same time identify the names and location of those sites. Some very famous and others not so much.**

### **The Design**

- Dozens of famous landmarks from Germany, France, Spain, United Kingdom, and Italy make up a visually stunning collection. Merged on a corporeal satellite photo of the continent.
- A warm and entertaining proposal for diners. Identify the sites, their location and their names. In many cases bringing memories of adults and of course, educational for the youngest.

### **Applications**

- Excellent gift option or for personal use at family gatherings and friends dinners.
- The assortment of landmarks and famous places, promotes in the guests a dialogue based on tourism and general culture, thanks to the exhibition of the placemats on the table.
