

Poster – Famous Landmarks

The poster of famous landmarks, fulfills two functions at the same time. Decorate and teach. Specially designed to be able to be printed in large format, it can be used on large-surface walls. special to decorate schools, offices, academies, etc.

The Design

- Dozens of famous landmarks from Germany, France, Spain, United Kingdom, and Italy make up a visually stunning collection. Merged on a corporeal satellite photo of the continent.
- An aesthetic, entertaining and educational proposal for the viewer. Inviting you to identify the diversity of famous sites, their location and their names. Thanks to the visual and written review found at the bottom of the poster.

Applications

- Original and creative decoration for offices of all kinds. It promotes dialogue between employees, identifying trips and places they have visited in the past or will want to go in the future. As well as, invites the visitor to approach the poster in moments of waiting for meetings, etc.
- Excellent decorative element for schools of all kinds, all the sites that appear on the map contain educational elements, either because of their history, architecture or cultural function. With great utility also for language schools or language academies.
